Professional Kiosk

Doublewide | Modern Appearance | LED Compatible

Twice the size of our Standard Podium, our Professional Kiosk holds up to 400 keys and has plenty of storage space. Its stainless steel accents and curved design (the front panel is convex) give it a modern and professional look that's great for upscale locations. The professional valet podium also features a stainless steel transaction counter and the kick plate conceals the casters from view. A tip box is also included in the right drawer. The optional integrated LED kit not only lights the front panel of the kiosk giving it a cool nighttime vibe, but also lights up the kiosk's working surface and storage area below improving visibility for your staff.

Shown above with Schlage lock upgrade
